'43 The Kitchaiya chetty chatrams lands have been acquired by Govt: at a cost of about 50,000 Rs.

'If the University is to be established in Bangalore the site would be required for Educational buildings and some part of it might be available for a hostel. It seems to me however that it will not do to erect separate communal hostels on the site as it will be necessary to have only College students living in the hostels near the University

'From the papers it is seen that the Mahratta hostel now contains students mostly reading in the lower classes of the High School or the A. V. school. It will not be advisable to have in one hostel students reading in the A. V. School the High School & the College.

'For College students, the hostels may be near the College, and for the High School and A. V. school students if hostels on a communal basis are proposed

5	The acqn. of the Kitchaiya chetti's chattram land was originally proposed by the D.G. of Edn. in Dec^r. 1909 on account of the insanitary condition of the surroundings of the Central College hostel and for building quarters for the Physics Prof^r. of the College. The declaration statement published in June 1912 accordingly stated that the land was required for the 'betterment of the College hostel including the construction of quarters for College Physics Prof^r.'
6	Afterwards the idea of constructing the Profrs. quarters was dropped and the D.G. proposed to utilize the acquired sites for building two hostels for the Vaisya and Lingayet students and for a playing ground for the College.
7	Lastly it was ordered that the utilization of this area might be considered after the question of the local University is settled.
8	In the meantime the President of the Bangalore city municipal council proposed to allot the acquired area to three hostels for the students of the Vaisya, Maharatta & Lingayet communities.

Introductory.

As directed by the Dewan in paragraph 2 of his memorandum dated the 7th August 1915, the Honorary President of the Bangalore City Municipality, the Inspector General of Education, the Secretaries to Government, General and Education Departments, inspected on the morning of Monday the 23rd August 1915 the following sites:--

(1) Kitchetty Chattram land

(2) The Central College Hostel and the Central College Play Grounds

(3) The Government High School Play Grounds

(4) A portion of the Cubbon Park near Tennis Courts

(5) Rajakaryapravina Rao Bahadur A. Rangaswami Iyengar's land opposite the Race Course.

Mr. K. Subba Rao, Assistant Secretary to Government, Departments of Education and Agriculture, the Health --- Officer, Bangalore City and the Municipal Engineer were - also present. Mr. Ramachandra Rao Sindia was present on behalf of the Mahratta Community.

After a detailed inspection of the lands and consideration of the requirements of the various communities and the Institutions for which sites have to be allotted immediately and a free exchange of views, the following -

(4)

following resolutions were unanimously arrived at:--

2. Kitchetty Chattram land.

(a) As it had been announced by the Dewan that the University would be located at Mysore and not at Bangalore there is no need to reserve this site for the University, as originally contemplated.

(b) That the whole of Kitchetty Chattram site be -- allotted for the following purposes:--

(1) The space between the Avenue road and the east - boundary wall of main enclosure, shown in green color in the accompanying sketch be allotted for the Public Library. The area of this plot is 105' x 165' -.- a decent building can be put up here.

(2) The space to the west of the above and to the east of temple, measuring 120' x 160' be allotted for a Vysya Hostel, the temple premises being included within -- their enclosure. The total area including the temple --- premises is 160' x 160'.

(3) That the remaining space measuring about -- 205' x 376' be allotted in equal lots of 205' x 188' each to the hostels to be constructed by the Lingayet and the - Mahratta Communities and this is marked in red and blue -- colours respectively in the sketch.

I. Construction of hostels for the students of the Different Communities.

Applications have been received in the Education section for sites for constructing hostels from the representatives of the Lingayet and Vaidya communities. The Lingayets first wanted a site near the Bangalore High School, which was not available. Afterwards a site near the Silledar - lines was prayed for, when the need was noted by the Government. The vaisyas wanted a site in the Kitchetty Chattram land.

Applications from the Mahratta community were received in Branch IV in the Municipal section. Another application from the Vaisyas has also been received there for a site.

Regarding the Mahratta hostel and the Vaisyas' application for a site it is ascertained from the Municipal section that proposals have been called for from the President of the Bangalore City Municipal Council.

It has been separately stated that Kitchetty chattram land cannot be given away for constructing hostels etc.

A joint inspection of the available sites in Bangalore City has been ordered in this connection with a view to provide the hostel-facilities for the school-boys of the various communities.

A map of the Bangalore City with blocks marked out to show the existing hostels etc., is put up.

II. Disposal of Kitchetty Chattram land.

The acquisition of this property was originally proposed

112

proposed by the Inspector General of Education in December 1909, and the declaration statement published in June 1912 stated that the land was ~~required~~ required for the 'betterment of the Central -- College hostel including the construction of quarters for the College Physics Professor'.

Afterwards the idea of constructing the Professor's -- quarters was dropped and the Inspector General proposed to utilize the acquired site for building two hostels for Vaidya and Lingayet students and for a playing ground for the College.

Lastly it was ordered that the utilization of this area might be considered after the question of the Local University is settled.

In the meantime the President of the Bangalore City Municipal Council proposed to allot the acquired area to three -- hostels for Vaisya, Lingayet and Mahratta students; and he was informed that the site would not be granted for constructing -- hostels.

The Chief Engineer has been asked to keep the acquired -- property in a clean and sanitary condition.

The disposal of this land to the best advantage of Government who paid nearly Rs.50,000/- as compensation for acquiring it, is another point for consideration.

III. <u>Selecting a site for the New Club in Bangalore</u>.

This is a new proposal.
